This past week we had the absolute pleasure of working alongside The Funrival, a community hub in Burngreave Sheffield who work to transform the lives of young people, families and the local community.

They run a Creative English programme for newly-arrived and migrant women, as well as a weekly playgroup and Toy Library and school holiday activities with a hot meal for their families. In this time of lockdown they have continued to support these families from a distance and after receiving funding from South Yorkshire Community Foundation's Covid-19 Response Fund, we were able to work with them to provide 50 Stay at Home Fun Bags for the families they connect with.

We were thrilled to be able to supply them with everything they needed to support these families and to help keep their children busy and learning while they are at home for this prolonged period.
